FAREWELL MORGANN

This week will see some changes in our friendly customer service team. Morgann Tranter is finishing up with the Shire after filling the role of Customer Service Officer for a period of 12 months maternity leave. Morgann is also moving on from Bencubbin and on to the big lights of Merredin. We have been very lucky to have Morgann in our team and wish her all the best in her future endeavours.

WELCOME BACK LOREN

We are very pleased to welcome Loren Northover back from maternity leave this week! While her very important job of being mum to Mitchell is a priority we will see Loren in the office 2-3 days per week and sharing the role with our newest team member Amanda Sanders.

NEW FACE OF CUSTOMER SERVICE - AMANDA SANDERS

We wish to give a warm welcome to Amanda Sanders who has joined our administration team as Customer Service Officer, sharing the role with Loren. This week Amanda is attending licensing training in Perth and will be ready to serve you with a smile as of next week.

MAY ORDINARY MEETING OF COUNCIL

The May ordinary meeting of Council will be held on Tuesday 16 May at **6.45pm** in Council Chambers, Monger St, Bencubbin. The agenda will be available on our website from Friday 12 May and public are welcome to attend. It would be appreciated if you wish to participate in public question time that you provide your question in writing to the CEO prior to 9.30am on the day of the meeting.

Community Update 3.

Below is a timeline of progress regarding the Bencubbin Recreation Complex Redevelopment:

Tender Let:	9 February
Tender closed:	9 March
Tender Evaluation:	14 March
Council Item:	21 March
Negotiations (preferred tenderer):	From 27 March (ongoing)
Steering Group Meetings:	21 April & 5 May

As can be seen from the above timeline, a preferred tenderer has been identified, and Council have given their approval for negotiations to take place between them and Council representatives. The Steering Group have been consulted regarding all cost saving changes to the original planning.

Site Architecture have prepared a 'cost saving sketch' for the preferred tenderer to provide a revised quotation. This document is not necessarily the final document, but a copy of this draft can be viewed at the front counter of the Shire offices during business hours. Please feel free to call in and have a look.

Negotiations are still ongoing, with all parties hopeful that costing within budget can soon be achieved. Once that situation has been reached, further community information will be provided, especially regarding any revised timeframe for the building works to take place.

If you would like more information on the project as it progresses or want to provide further input then please feel free to contact the following members of the Bencubbin Multipurpose Complex Steering Committee.

LOCAL EMERGENCY MANAGEMENT - TOWN SITE NUMBERING OF HOUSES

A request from our local emergency services to have house numbers visible to attending emergency services crews has resulted in the Shire purchasing numbers for **all** houses in the town sites of Bencubbin and Beacon. The numbers are black on white and are reflective to make them visible at night time.

Some numbers have been attached to Shire housing already with the remaining numbers to be installed in the coming weeks. It is anticipated that Shire staff will complete this work in the week commencing Monday 22nd May 2017, starting in Bencubbin and then moving on to Beacon.

As you would be aware not all houses are the same and the numbers may be placed in different positions, depending on the building. Shire staff will endeavour to install the numbers in the most effective position, which can be seen from the road side by emergency services.

If you are at home, Shire staff will liaise with residents when completing this work.

Please note, it is not mandatory that you have your number displayed, but not doing so may result in a time delay for the arrival of emergency services. If you do not want the number attached to your house please advise Shire staff and they will comply with your wishes.

Many residents may be familiar with using their "Lot" number as their address. Once your house number has been installed please use this number as your residential address in the event of an emergency. House numbers are programmed in to all GPS systems, which do not recognise lot numbers, and house numbers are required by the 000 call centre.

If you have any questions on house numbering, please contact Regulatory Officer, Jack Walker during office hours on 9685 1202 or 0429 851 318.
