Bush Fire Act 1954 Restricted Burning Period

All burning is restricted in the Shire of Mt Marshall from Wednesday 19 September 2018 to Wednesday 31 October 2018. During this time a Permit to Burn is required.

Farmers are advised that permits will only be issued on a daily basis and are reminded that certain conditions are endorsed on the permit. One important condition is that burning cannot be carried out on the day if a Very High or Extreme Fire Danger has been issued.

Please check BOM website for further information or contact your nearest Bush Fire Control Officer.

Permit holders are also reminded to read the "Obligations of the permit holder" prior to burning.

FIRE BREAKS

Landowners are also reminded that Firebreaks are to be constructed by Monday 1 October 2018. Town site residents are reminded that this also applies to them as they are required to keep their properties free of flammable materials during this period.

Firebreak inspections will be carried out by Shire staff and the contract ranger with notices being issued to landowners if their firebreaks do not comply.

BURNING WHICH MAY BE DONE DURING THE RESTRICTED PERIOD WITHOUT A PERMIT:

Burning of garden refuse and rubbish

Garden refuse and rubbish may be burnt at any time, day or night, in a properly constructed incinerator designed to prevent the escape of sparks or burning material.

Garden refuse and rubbish burnt on the ground may be burnt only between the hours of 6 o'clock in the evening and 11 o'clock of the same day and must be completely extinguished no later than midnight on that day. At all times while burning garden refuse please ensure that you do not leave the fire unattended and you have running water available.

If you require any further information please contact the Shire Office or your local Bush Fire Control Officer.
