### **SCHEME WATER CANNOT BE GUARANTEED DURING A BUSHFIRE - ARE YOU PREPARED?**

The Water Corporation is prepared for bushfire season. However, they cannot guarantee that water pressure or water supply will be maintained in the event of a bushfire. Extreme demand, fire damage and power cuts can all result in a total loss of water.

If you plan to stay and defend your property during a bushfire, you must have your own independent water supply and pumping capability, and must not rely on scheme water.

Full details about how to prepare for the bushfire season can be found at [firechat.wa.gov.au](http://firechat.wa.gov.au)

## **VOLUNTEER BUSH FIRE BRIGADE TRAINING**

**Bush Fire Fighting – 2 days**

**Thursday 20 & Friday 21 February 2020**

**Bush Fire Control Officer – 1 Day**

**Friday 6 March 2020**

### **Pre-requisites – Introduction to Fire Fighting**

As I will be on annual leave during January, 2020 and registration needs to be completed three weeks prior to the courses being presented, I thought a reminder prior to Christmas might be beneficial.

To the volunteers who completed the introduction to Fire Fighting in Bencubbin in March 2019 could you please advise me if you are still available to complete the above courses?

To the volunteers in Beacon who also need to complete the course please let me know if you will be attending. Unless you want to, there is no requirement to complete the Bush Fire Control Officers course but it would be highly recommended as it will see you qualified to take on the role of a Bush Fire Control Officer in the future.

Any current volunteer Bush Fire Fighters or Bush Fire Control Officers who might like to do a refresher are encouraged to attend.

To register an interest please contact me on 0429 851318 or email [ro@mtmarshall.wa.gov.au](mailto:ro@mtmarshall.wa.gov.au)
