Shire of Mt Marshall

— THE SANDALWOOD SHIRE —

BUSH FIRES ACT 1954 (as amended)

SHIRE OF MT MARSHALL

Firebreak Order 2020/2021

Notice is hereby given to landowners and/or occupiers within the Shire of Mt Marshall that firebreaks must be installed by 1 October and maintained clear of inflammable material up to and including 15 March as per the requirements in relation to Section 33 of the Bush Fires Act 1954.

AGRICULTURAL LAND

Clear a firebreak consisting of mineral earth, to a width of no less than 3 metres, as close as practical inside the external boundaries of the property.

Firebreaks must be maintained to provide a vertical clearance of a minimum 3.5 metres as to allow adequate access for fire appliances.

An approved firefighting appliance is required to be present in any paddock where crop harvesting, straw raking or hay baling is being carried out. The firefighting appliance must be in a state of readiness and have a minimum capacity of 400 litres of water.

Harvesting is permitted on Sundays and all public holidays, with the exception of Christmas Day, Boxing Day and New Year's Day.

TOWN SITES

All town site lots within the Shire of Mt Marshall shall be cleared of all debris of an inflammable nature and be maintained free of such material.

FUEL RAMPS AND DEPOTS

All grass and similar inflammable material to be cleared from areas where drum ramps or bulk fuel are located and where drums, full or empty, are stored and such areas be maintained clear of grass and similar inflammable materials.

VARIATION TO FIREBREAK NOTICES

If it is considered to be impracticable for any reason to clear firebreaks or remove inflammable material from land as required by the notice you may apply to Council or its duly authorised officer for permission to provide firebreaks in alternative positions. If permission is not granted by Council or its duly authorised officer, you shall comply with the requirements of this notice.

HARVEST/MOVEMENT OF VEHICLE BANS

A ban on harvesting and the movement of vehicles in paddocks may be imposed when the predicted weather conditions are classified by the Bureau of Meteorology as very high or extreme, or when local conditions warrant bans to be applied.

All bans are at the discretion of the Chief Bush Fire Control Officer or a duly appointed person.

GENERAL PROVISIONS

Failure to comply with this notice shall subject the offender to the penalties prescribed in the Bush Fires Act, 1954.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provision of the Bush Fires Act, 1954.

DOG EXERCISE AREA WARNING

Some users are not being responsible dog owners when using the Bencubbin oval as a dog exercise area. ***You are required to remove any excrement your dog deposits while exercising.*** Clean up bags have been placed in two different locations around the oval so there is no excuse for not doing the right thing. The oval is used by community sporting groups and school children and having other users needing to avoid your dog's faeces is simply not acceptable.

Should the issue continue the Shire will seriously consider removing the privilege of being able to use the oval for dog exercise.

COMMUNITY DROP-IN SESSIONS – STRATEGIC PLAN REVIEW

The Shire would like to invite the community to attend a series of drop-in sessions planned for September. The purpose of these sessions is to encourage residents to complete a community survey to assist the Shire in reviewing the Community Strategic Plan.

The Chief Executive Officer (John Nuttall), Works Supervisor (Aaron Wootton) and Community Development Officer (Rebecca Watson) will be available to engage with the community in an informal setting throughout the sessions.

Enjoy a free sausage sizzle while your there.
