BUSH FIRES ACT 1954 (as amended)

SHIRE OF MT MARSHALL

Firebreak Order 2020/2021

Notice is hereby given to landowners and/or occupiers within the Shire of Mt Marshall that firebreaks must be installed by 1 October and maintained clear of inflammable material up to and including 15 March as per the requirements in relation to Section 33 of the Bush Fires Act 1954.

## AGRICULTURAL LAND

Clear a firebreak consisting of mineral earth, to a width of no less than 3 metres, as close as practical inside the external boundaries of the property.

Firebreaks must be maintained to provide a vertical clearance of a minimum 3.5 metres as to allow adequate access for fire appliances.

An approved firefighting appliance is required to be present in any paddock where crop harvesting, straw raking or hay baling is being carried out. The firefighting appliance must be in a state of readiness and have a minimum capacity of 400 litres of water.

Harvesting is permitted on Sundays and all public holidays, with the exception of Christmas Day, Boxing Day and New Year's Day.

## TOWN SITES

All town site lots within the Shire of Mt Marshall shall be cleared of all debris of an inflammable nature and be maintained free of such material.

## FUEL RAMPS AND DEPOTS

All grass and similar inflammable material to be cleared from areas where drum ramps or bulk fuel are located and where drums, full or empty, are stored and such areas be maintained clear of grass and similar inflammable materials.

## VARIATION TO FIREBREAK NOTICES

If it is considered to be impracticable for any reason to clear firebreaks or remove inflammable material from land as required by the notice you may apply to Council or its duly authorised officer for permission to provide firebreaks in alternative positions. If permission is not granted by Council or its duly authorised officer, you shall comply with the requirements of this notice.

## HARVEST/MOVEMENT OF VEHICLE BANS

A ban on harvesting and the movement of vehicles in paddocks may be imposed when the predicted weather conditions are classified by the Bureau of Meteorology as very high or extreme, or when local conditions warrant bans to be applied.

All bans are at the discretion of the Chief Bush Fire Control Officer or a duly appointed person.

## GENERAL PROVISIONS

Failure to comply with this notice shall subject the offender to the penalties prescribed in the Bush Fires Act, 1954.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provision of the Bush Fires Act, 1954.

John Nuttall  
Chief Executive Officer

## **Bush Fire Act 1954** **Restricted Burning Period**

All burning is restricted in the Shire of Mt Marshall from Saturday **19 September 2020 to Saturday 31 October 2020**. During this time a Permit to Burn is required.

Farmers are advised that permits will only be issued on a daily basis and are reminded that certain conditions are endorsed on the permit. One important condition is that burning cannot be carried out on the day if a Very High or Extreme Fire Danger has been issued.

Please check BOM website for further information or contact your nearest Bush Fire Control Officer.

Permit holders are also reminded to read the "Obligations of the permit holder" prior to burning.
