14 September 2020

POSITION VACANT

Customer Service Officer

A fantastic opportunity currently exists at the Shire of Mt Marshall for an enthusiastic and conscientious person to join our administrative team in the role of Customer Service Officer. The position offered is a permanent full time position, although part time hours will be considered for the right applicant.

The successful applicant will be reliable and have an excellent telephone manner. Most importantly, they will have a real desire to provide excellent service to our customers. Computer literacy is essential and good knowledge of the Microsoft Office suite is expected.

A position description can be obtained by contacting Nadine Richmond via email - admin@mtmarshall.wa.gov.au or 08 9685 1202. Applications addressing the selection criteria are to be marked 'Private and Confidential' and be accompanied with the names of two recent employment referees.

Shire housing may be negotiated with the successful applicant.

Applications addressed to the undersigned are to be received by 4pm, Friday 25 September 2020.

The Shire of Mt Marshall is committed to creating a diverse environment and is proud to be an equal opportunity employer.

John Nuttall
Chief Executive Officer

STRATEGIC COMMUNITY PLAN REVIEW—SURVEYS DUE 18 SEPTEMBER

The Shire's community survey's relating to the review of the Strategic Community Plan are ***due this Friday 18 September***. We are seeking the community's feedback and hope you can all complete the short survey on the pages following. The information received in this survey informs the new Strategic Community Plan and lets Council know what the community wish to see prioritised in our Shire.

Each community member is entitled to fill in one survey. If you would like assistance completing your survey help is available from the Shire office during business hours.

Surveys can also be completed electronically with links provided on our Facebook page and Website.

Completed surveys can be returned to the Shire office by hand, mail (PO Box 20, BENCUBBIN WA 6477) or email to cdo@mtmarshall.wa.gov.au. A collection point is also be available in Beacon Central.

RATES PRIZE WINNER

Congratulations to the Beacon Country Club on winning the prize draw for a \$250 Bendigo Bank account as a result of paying their rates in full before the due date.

BEACON LIBRARY HOURS

Due to a change in the opening hours of Beacon Central we advise that the hours of the Beacon Library will also change. The Monday—Friday hours are :

9am—12pm

12.30pm—4pm

Effective immediately.

Staffing arrangements remain the same with Aoife in attendance on Thursdays.

Shire of Mt Marshall

— THE SANDALWOOD SHIRE —

BUSH FIRE ACT 1954 RESTRICTED BURNING PERIOD

All burning is restricted in the Shire of Mt Marshall from Saturday 19 September 2020 to Saturday 31 October 2020. During this time a Permit to Burn is required.

Farmers are advised that permits will only be issued on a daily basis and are reminded that certain conditions are endorsed on the permit. One important condition is that burning cannot be carried out on the day if a Very High or Extreme Fire Danger has been issued.

Please check BOM website for further information or contact your nearest Bush Fire Control Officer.

Permit holders are also reminded to read the "Obligations of the permit holder" prior to burning.

FIREBREAKS

Landowners are also reminded that Firebreaks are to be constructed by Sunday 1 October 2020. Firebreak inspections will be carried out by Shire staff and our contract Ranger.

Townsite residents are reminded that this also applies to them as they are required to keep their properties free of flammable materials during this period. Notices will be issued to landowners if their firebreaks do not comply.

BURNING OF GARDEN REFUSE AND RUBBISH

Garden refuse and rubbish may be burnt at any time, day or night, in a properly constructed incinerator designed to prevent the escape of sparks or burning material. Garden refuse and rubbish burnt on the ground may be burnt only between the hours of 6 o'clock in the evening and 11 o'clock of the same day and must be completely extinguished no later than midnight on that day.

If you are considering burning garden refuse please ensure that you do not leave the fire unattended and have running water available.

If you require any further information please contact the Shire Office or your local Bush Fire Control Officer

BUSH FIRE INFORMATION 2020

Harvest Ban Information

The Shire of Mt Marshall has received no notification from the ABC that they will be broadcasting harvest bans, but we can assume they will be the same as last year. There will be three tune-in times 10.05am, 12.35pm and 3.05pm. As yet there is no information regarding different times over the weekend or if they will interrupt the sport.

The **deadline** to get the harvest bans broadcast are 9.45am, 11.45am and 2.45pm. If we miss the deadline they will not be included until the next update.

There will be just one simple announcement saying: **“Due to the risk of fire the following local governments have imposed a ban on harvesting and the use of any equipment that could potentially start a fire”** and then the names of the local authorities. Although it will not include **“movement of machinery in paddocks ban”** please note that all bans in the Shire of Mt Marshall will be **“Harvest and Movement of Machinery in Paddocks Bans”**

No radio station will broadcast the lifting of a harvest ban, it will be up to individual Shires to use their own methods.

Radiowest will provide a similar service.

The Shire will have besides radio, three other avenues to announce harvest bans:

SMS - if you are not registered for this service please contact the Shire office on 96851202 or email ro@mtmarshall.wa.gov.au. If you have had new staff commence work for harvest please have them register also.

Harvest Ban Hotline – please note that the messagebank phone number is **9487 0671**.

Facebook posts

Harvest Ban Advice

Please note that the SMS will be the first point of contact with farmers and contractors advising of a ban, followed by the radio and then the message bank hotline. Please give staff time to set up the necessary services before seeking further information.

Shire of Mt Marshall

— THE SANDALWOOD SHIRE —

Timing of Harvest Bans

To avoid any unnecessary phone calls the Shire has implemented the following procedure regards the lifting of Harvest Bans — if the ban has been in place before 11.00am it will be reviewed, not lifted, at 3.00pm. If the ban has been in place after 11.00am it will be lifted at 6.00pm unless conditions deteriorate.

Although local authorities are responsible for the placing of harvest bans, due to the vast area of the Shire, farmers must also take some responsibility to ensure they carry out their harvesting operations in a safe and timely manner.

Activities that are Exempt during a Harvest Ban

An activity that is carried out for the purpose of preventing an immediate and serious risk to the health or safety of a person or livestock, so long as a reasonable precautions have been taken to prevent the activity from creating a bush fire danger. That does not mean that you can take a run around the paddock to check your livestock simply because you can't harvest.

Total Fire Bans

Total Fire Bans are declared by DFES when there is the potential of extreme fire weather or when widespread fires are seriously stretching resources. When a Total Fire Ban is declared it prohibits the lighting of any fires in the open air and any activity that may start a fire – including the use of equipment and tools such as welders, grinders, torches or gas cutters.

You can continue farming activities during a Total Fire Ban as long as your local authority has not imposed a Harvest and Movement of Machinery in Paddocks Ban. Total Fire Bans are usually in place for twenty four (24) hours.

Fire Suppression Equipment

Farmers and harvesting contractors are required to comply with the Bush Fire Regulations of 1954 and in particular the key points below relating to harvesting activities:

- Section 38 – A person shall not operate any harvesting machine or header in any crop during the prohibited burning times or the restricted burning times unless a fire extinguisher is carried on the machine.
- Section 38A(4) – A person shall when required by a local government, provide a plough or other specified machine, appliance or firefighting equipment in or in the vicinity of any land or paddock where harvesting operations are being conducted.

Shire of Mt Marshall

— THE SANDALWOOD SHIRE —

As a minimum requirement the Shire requests that you have on site the following firefighting equipment serviced and readily available at all times during harvest:

- A mobile operational farm firefighting unit comprising of a tank with a minimum capacity of 400 litres, a powered pump, reel hose and nozzle. Keep this unit parked on bare ground, in or near the harvesting area for quick access.

Other Equipment

PPE – if you have not been issued with proban treated overalls through your brigade, the minimum acceptable dress on the fire ground is long sleeved shirt, long trousers, sturdy boots, gloves and a hat. (No singlets, shorts and thongs).

Attendance at Fires

If you attend a fire please report (by CB, Channel 5) or in person to the officer in charge and wear the appropriate PPE. If you do not have the appropriate PPE you will be asked to leave the fire ground by the officer in charge or given an alternative job. If you do not report your attendance to the officer in charge of the fire and you are injured you are not covered by the Shire's insurance.

The officer in charge of the fire is responsible for every ones safety as soon as they step on the fire ground but you as an individual must also take some responsibility for your own safety. If someone gets injured or even worse, fatally injured, it is the officer in charge that is answerable to all questions asked in subsequent investigations.

Firebreaks

Unfortunately, a Firebreak Order was not included with your rate notice this year, but it has been advertised in the local papers over the last two weeks. To ensure everyone is doing the right thing Shire staff and our ranger service will be carrying out inspections.

Firebreaks are required to be completed by 1st October 2020.

Agriculture land – clear a firebreak consisting of mineral earth, to a width of no less than 3 metres, as close as practical, inside the external boundaries of the property, they must also provide a vertical clearance of 3.5 meters

Town sites – all town site lots within the Shire of Mt Marshall shall be cleared of all debris of an inflammable nature and be maintained free of such material.

Shire of Mt Marshall

— THE SANDALWOOD SHIRE —

In the event that Shire staff are required to clear debris from private yards the cost will be \$100.00 per hour.

Bush Fire Brigade Membership

If you are not a member of your local volunteer bush fire brigade please give this matter some consideration and contact the brigade direct or the Shire office for further details regarding membership.

The Shire provides members with the appropriate personal protective equipment and training to assist with fire suppression.

Further Information

If you require any further information please contact the Shire office on 96851 202, your local Bush Fire Control Officer or visit the DFES website.
