FAREWELL SANDY

We say farewell to long term employee Sandy Wyatt this week who is moving on after nearly 8 years of service.

Sandy will continue her Local Government career at the City of Swan in a similar role to the one she has held at Mt Marshall. We wish Sandy all the success in the "Big Smoke" and will hopefully see her visiting the area in the future. Thank you Sandy for your long and loyal service.

LICENSING UNAVAILABLE - FRIDAY 1 UNTIL TUESDAY 12 APRIL

Due to recent change overs in our administration staff we are unable to provide any licensing services from **Friday 1 until Tuesday 12 April**. We understand this is inconvenient, however our efforts to have all new staff "licensing ready" relies on the availability of Department of Transport training. We are working towards having ample staff members trained to offer full licensing services within the next month or so. Thanks for your understanding.

MT MARSHALL RED CARD FOX SHOOT

Thank you to all the teams that participated in the 2022 Red Card Fox Shoot on Friday Night. In total the 5 teams recorded a total of 102 foxes, 165 rabbits and 12 wild cats.

Across a wide range of agricultural sectors, rabbits caused a loss of \$216.3 million in 2013/14. Foxes caused a loss of \$28.4 million dollars. Feral cats were not included in the report, but the Pestsmart website estimates that the cost of cats is \$2 million per year for management and research, while the loss of birds to preying cats has been estimated to be \$144 million annually. Feral cats have contributed to the extinction of at least 27 mammal species Australia wide and currently endanger 147 other Australian mammals, bird, reptiles and frogs. In addition, they transmit toxoplasmosis to humans, domestic stock and wildlife. Foxes impacted upon up to 84 threatened species, eight of which were already listed at 'high risk' of extinction.

Congratulations to the Tomas Team who took out the highest score for the event. Well done to all the teams who came together to eradicate vermin from the district and help raise money for the Regional Men's Health Initiative.
