## PLANNING FOR MT MARSHALL'S FUTURE: SEEKING COMMUNITY VIEWS

The Shire is undertaking a Local Planning Scheme review and preparing a new Local Planning Strategy, with the assistance of planning consultants, Hames Sharley. Community members are invited to attend information and feedback discussion sessions to be held in June (details below). The purpose is to understand the views and aspirations the community has for the future of Mt Marshall. The Sessions will help capture local issues and drivers likely to shape the Shire into the future.

### **Session 1: Tuesday 21 June**

3.30 — 5.30pm @ Bencubbin Multipurpose Complex

### **Session 2: Wednesday 22 June**

9.30 — 11.30am @ Beacon Town Hall

There will be other opportunities to comment and be involved in the project as it progresses. Though if you can't attend these sessions and would like to share inputs and ideas for the Shire's future planning framework for consideration in the interim, these may be sent to:

[admin@mtmarshall.wa.gov.au](mailto:admin@mtmarshall.wa.gov.au)

## **CBH GRAIN MOVEMENTS**

The Shire has approved increased road movements of grain from the CBH facility in Bencubbin to the CBH facility in Koorda over the next 5 weeks. This will mean increased heavy vehicle traffic on Koorda-Bullfinch Rd, Watson Court and Monger St, Bencubbin. Please drive with caution when using any of these routes.

## DEPARTMENT OF PRIMARY INDUSTRIES AND REGIONAL DEVELOPMENT — BIOSECURITY FUNDING SCHEMES TO TACKLE PEST THREATS

More than 99% of Western Australian cattle, sheep and goat producers and grain, seed and hay growers actively support the biosecurity of their industries by making financial contributions to WA's Industry Funding Schemes. Farmer contributions to Industry Funding Schemes will support a range of priority animal disease and pest control programs next financial year.

The schemes are an integral part of the Western Australia's biosecurity system, helping to maintain access to domestic and international markets and supporting the viability and profitability of agricultural industries.

For the 2022/23 financial year:

Cattle: Producers pay a 20 cent contribution on the sale of each animal/carcass to fund surveillance programs for bovine tuberculosis, enzootic bovine leucosis and Johne's disease in cattle.

Sheep and goats: Producers pay a 15 cent contribution on the sale of each animal/carcass to fund activities to address wild dogs as well as continuing a program to control virulent footrot in the Western Australian sheep and goat flock.

Grains and seed: Growers pay a 25 cent contribution on the first sale of every tonne of grain and seed grown within the South West Land Division to fund continuing programs to control skeleton weed and eradicate three-horned bedstraw.

Hay: Growers pay 12.5 cents per tonne on the first sale of hay grown within the South West Land Division to fund the skeleton weed and three-horned bedstraw programs.

Producers/growers who wish to opt out of the scheme/s must submit a 2022/23 Notice of Opt Out form by 30 June 2022. Producers that opt out lose all entitlements to assistance and compensation via the scheme.

The continued support of producers for the schemes enables the WA livestock and grain/hay industries to identify and invest in biosecurity activities that help maintain our market advantage and the sustainability of the industries in Western Australia.

More information on the Industry Funding Schemes is available from the DPIRD website or email [IFS@dpird.wa.gov.au](mailto:IFS@dpird.wa.gov.au)
