REFUSE FACILITIES

Both Beacon and Bencubbin waste facilities have only a limited life and there is a great expense in both the closing and rehabilitation of the waste sites and the creation of new sites. There is also an expense with having to maintain the facilities and dig new trenches.

One way in which to extend the life of the tip and save ratepayer dollars is to correctly separate waste into the defined areas within the waste facility. Items such as steel and household furniture should not be disposed of in the household waste trench.

What can be accepted and where do I put it?

Household Waste Area

Anything that cannot be separated into one of the other areas
Plus building rubble/cladding materials/
masonry/pavers/tiles/timber
Sheet glass, bottles, jars etc
No furniture or mattresses

Car Bodies Area

*No car parts such as windscreens
bumpers etc—these are to go into
Metal/steel area or
household waste area

Asbestos Area

*Note—asbestos can only be accepted
by appointment. Please contact the shire
on 08 9685 1202 to book an appointment

Whitegoods / Electrical Appliances Area

All white goods
All electrical appliances
*Note—all whitegoods with refrigerated
gasses must be de-gassed before being
placed in the waste facility.

Green Waste Area

plants, cuttings, clippings etc.
Timber (scrap) and wooden furniture
green waste only—no plastic pots, steel the
or waste of any other kind please

Wire & Metal Area

Wire/steel/metal sheeting

We hope we can count on your cooperation in separating your waste and extending the life of your waste facilities. As always, if you have any queries or concerns we welcome you to contact us here at the shire on 08 9685 1202.
