ROAD WORKS HAVE COMMENCED on Monger St extending to the Bencubbin-Beacon Road near the Bencubbin Primary School. The works include ripping of the road surface, reshaping and resealing. We hope to have the works completed by the end of this week. There has also been preparations for sealing works in the town site of Gabbin. The sealing will finish this job also by the end of the week .

There has been a lot of activity on the main street of Bencubbin with the main street traffic islands getting some much needed attention as part of Council's town beautification budget. Some islands will be removed or modified for better emergency vehicle or property access and most will get a small makeover with new plantings included. As always we ask that drivers obey all signage and use caution when travelling through work zones.

BEACON residents have been experiencing some **COCKATOO ISSUES** recently with large numbers of the birds taking up residence in the town . The damage to the trees in the town site along with the defecating on residents drying laundry is enough to make anyone sqwwarkkk!

The Shire has engaged the services of our contract NRMO, Dylan Copeland to arrange some controlled gun fire to move the birds on and we will advertise more information as it comes to hand as to when this will be happening.

UPDATE ON SPORT AND RECREATION PLAN Tredwell Consulting have completed preparation of the draft Sport & Recreation Master Plan, which will be provided to Council at their July Meeting. Following this, **PUBLIC SUBMISSIONS** will be called for and advertised across our website, Facebook page and local papers.

BEACON CARAVAN PARK visitors and users of the **BEACON SPORTING COMPLEX** will soon enjoy improved mobile phone signal with the installation of 2 new smart antennas. This will increase reception at both venues over an area of approximately 30 square metres. While this is a short term solution, the Shire will be continuing to work towards the ultimate solution to the reception woes in Beacon by way of a Telstra Tower.

section of the Shire's road network and it's future construction and maintenance.

COUNCIL recently carried out an **ANNUAL ROAD INSPECTION** to assess and plan for the upcoming 2015/2016 budget's road program. After covering 560 kilometres and meeting with some ratepayers, Council now have a clearer understanding of a large

COUNCILLOR ANDREW DUNNE resigned from Council during May. The vacant position caused by Andrew's resignation will be filled during the ordinary elections to be held in October of this year. This is a good opportunity to remind everyone to ensure they have up to date details on the electoral roll so you can take part in October — www.aec.gov.au (Ctrl click)

The **BEACON CO-OPERATIVE** has a newly sealed carpark and while the sealing crew were in Beacon the visitors information bay was also given a sealing makeover.
