## **BUSHFIRE INFORMATION**

### **Shire of Mt Marshall**

### **Bush Fire Act 1954**

### **Restricted Burning Time**

All burning is **Restricted** in the Shire of Mt Marshall from **Wednesday 1 February 2017 to Wednesday 15 March 2017**. During this time a Permit to Burn is required.

Farmers are advised that Permits will only be issued on a daily basis and are reminded that certain conditions are endorsed on the Permit.

One important condition is that **burning cannot be carried out** on the day if a **Very High, Extreme or above Fire Danger has been issued by the Bureau of Meteorology**.

Please check BOM website for further information or contact your nearest Bush Fire Control Officer.

Permits can be issued by Jack Walker at the Shire office and permit holders are also reminded to read the "Obligations of the permit holder" prior to burning.

### **BURNING OF GARDEN REFUSE AND RUBBISH**

Garden refuse and rubbish may be burnt at any time, day or night, in a properly constructed incinerator designed to prevent the escape of sparks or burning material. Garden refuse and rubbish burnt on the ground may be burnt only between the hours of 6 o'clock in the evening and 11 o'clock of the same day and must be completely extinguished no later than midnight on that day.

If you are considering burning garden refuse please ensure that you do not leave the fire unattended and have running water available.

During this period there are still **Extreme** weather conditions and care should be taken before considering any burning.

If you require any further information please contact the Shire Office or your local Bush Fire Control Officer.

Jack Walker  
Regulatory Officer

## VEHICLE CONCESSION CUTS TO LOCAL GOVERNMENTS

The State Government's decision to cut vehicle licence concessions for Local Governments will cost the sector up to an additional \$10 million per annum.

These cuts will affect all WA Local Governments, not just on their vehicle registrations each year but also on State stamp duty charges as vehicles are replaced over time.

With Local Governments' limited means to raise revenue, this additional cost they are now required to pay the State will have to be funded either through significant budget reductions most likely leading to reduced services, or raised rates to meet the revenue shortfall.

This is another example of cost shifting from State to Local Government as an easy fix to the State's dire financial situation rather than redressing overspend or achieving genuine savings.

The Shire of Mt Marshall has joined the campaign to have this decision reversed immediately in light of the impact it will have on all Local Governments and their communities and we welcome community members to approach their State election candidates regarding this issue.
